OUR WORK!

Deception in the making of Upholstered Furniture is greatly practiced by unreliable manufacturers. It is difficult to tell how the goods are made and will not be apparent until used. Our reputation for honest work is second to none. We use none but the best materials and employ the best labor. Our guarantee goes with all our work, that it is only as represented. Our prices are low, consistent with the quality, and lower than many inferior goods.

Prices quoted are free on board cars or boat at Cincinnati, and include packing and casters. When goods are ordered crated, crating will be charged at cost.

TERMS:—Net 30 days, or 2% off for cash 10 days, payable in Cincinnati or New York Exchange.

MORRIS RECLINING CHAIRS,

WITH EXPANSION SPRING SEATS.

The Seats consist of transversely elliptical Spirals, whose flattened tops form bearings for the cushions.

DURABLE, COMFORTABLE, CHEAP.

All our Morris Chairs are made with Spring Seats as illustrated, being superior to other makes with their web or slat bottoms. Cushions are all Hair filled, well sewed and tufted, and are alike on both sides, making them reversible. We use none but the best material in their construction.

No. 56, ARM CHAIR.

Harrington Spring Bases on Chairs and Couches.

They are supported on a Torsion Spring affording a pleasant sensation as you sit down, giving a quiet rock, with the assurance that you will not rock over or the springs breaking. They must be seen and tried to be appreciated.

Couches and Chairs mounted on Harrington Springs, are the most luxurious as well as the most durable that can be possibly made.

Couches and Chairs supported upon these Spring Bases, enable us to make the upholstering firmer, so that it will not settle down or get out of shape and yet be much softer.

With this invention, the upholstery springs will never get weak as the strain is divided.

In cut of Chair No. 117, we illustrate the Harrington Spring attached to an Arm Chair with fringe partly removed, exposing the spring.

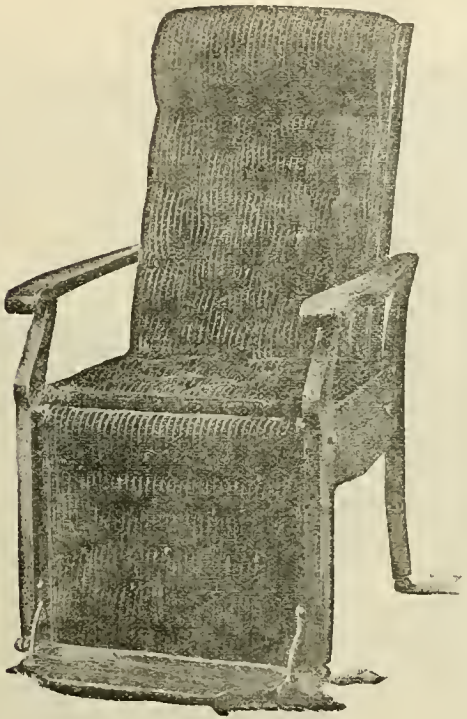
The S. & S. Patent Reclining Chair.

No. 65½.

FLOOR ROCKER.

Oak, Walnut or Imitation Mahogany.

Corduroy $31.50
Leather 39.00



This is one of our latest inventions, for which letters pattent are being issued.

This Chair is a perfect easy reclining chair, superior to any ever put on the market. The occupant can remain in any position desired, without resorting to the locking and unlocking of ratchets, clamps or devices so objectionable to this class of chairs. All that is necessary to change position, is a slight exertion of the body to retain any desirable angle.

In producing this reclining chair, we have reached the acme of perfection for comfort, ease, durability, beauty, quality and low price. Comfort can be enjoyed to its fullest extent, as every part of the body rests, in whatever position the chair may be.

The frame and upholstering are of the best quality of material and labor.

There are no parts to get out of order, no castings to replace, nor is there any danger of occupant being injured by the fingers coming in contact with the rachets or other dangerous and hurtful contrivances.

☞ This chair gives the occupant that comfortable resting position, that none but the finest couches can give, as the back and head rest gradually recline, leaving no ridge between head and back. The head rest comes slightly forward, giving complete rest to the occupant.

MADE IN OAK OR IMITATION MAHOGANY FINISH.

UPHOLSTERED IN CORDUROY $15.00
UPHOLSTERED IN LEATHER $19.50

THE SOLID COMFORT ADJUSTABLE FOOT AND LEG REST.

It makes every chair a Reclining Chair and restful as a couch.

It makes a rocker a perfect cradle of comfort.

It provides a luxurious ease in Parlor, Sick Room and Veranda, soothingly touching the tired spots.

It rests not only the feet, but the whole body from the waist down.

It can be adjusted to any position for persons tall or short, and to chairs high or low.

It makes a perfect present for leg-weary persons, sick or well, by fireside or seaside.

They fold and occupy but little space.

Easy to carry from room to room.

We illustrate the Foot-Rest in use with one of our chairs.

Can be used with any style of chair or rocker.

PRICE, 90 CENTS A PIECE,

. . OR . . .

$9.00 IN LOTS OF ONE DOZEN.

THIS FREAK has often been doubted as being genuine, by the friends and people to whom we have given photographs. We have the original in our possession and invite all to inspect same at our office and be convinced of the truth. We readily excuse the public of their skepticism of this marvelous picture of a man's face reproduced in wood by a happy combination of light and shade, commonly called grain of the wood. Such things have often been found in wood, but never perfect. Scientific people and people of learning, who have seen the original, pronounce it the most wonderful thing of its kind. The following accompanied by an illustration was published in the May edition of *The Strand Magazine*, London, England:

"Extraordinary Freak of Nature." "This is an exact reproduction of a photo of a plank of poplar, cut in the mountains of Western Virginia, up the Big Sandy River. Absolutely untouched copies of the photo were issued by Messrs. Streit & Schmit, Upholsters, of Cincinnati, Ohio, U. S. A., in whose factory the board was found, in October, 1894. The representation of a human face in the markings of the wood is really most wonderful."

☞We will be pleased to mail a photograph "original size" with an order for any of our goods.

The "GLADSTONE" as a Sofa.

THE GLADSTONE. By unfolding a wing on ends of back, the back lets down, thus forming a wide soft center bed. with head and foot boards. Size of bed 6 feet 4 inches long, by 4 feet 4 inches wide, inside. Below the seat is a large receptable for bed clothing.

This sofa is easily put together. All that is required is the screwing up of sides. In this respect as well as many others, it is far superior as a sofa and bed to any folding bed. The bed part is not fastened on the sofa proper. It can be removed at will for cleaning and put back without any difficulty.
